

WildGood boar bristle eco hairbrushes

Made from 100% nature and
lots of love

Designed and handmade for healthy
hair.

From 100% boar bristle and natural
wood.

With care about people and nature
around.

WildGood offers high quality eco products with the idea of sustainability.

These days WildGood offers a collection of hairbrushes for personal use. WildGood products are genuine ecological, we use only natural components even in packaging. Our hairbrushes are made in Latvia, all the component materials are collected here.

Please visit www.wild-good.com for more information.
