

# SPARKLING BIRCH TREE JUICE

Birch juice is a valuable natural product with a beneficial effect on human organism. Ancient Latvians for centuries have distilled birch juice to improve their health and to provide themselves with a refreshing drink in hot summer days.

Birch juice cleanses the organism very well, strengthens the immune system, improves metabolism, cleans kidneys and much more. Juice contains organic acids, minerals, iron, potassium, calcium, etc..

The juice is prepared according to the ancient techniques, flavor and taste is topped with a refreshing mint leaf.

It is recommended to cool the juice before use. Drink does not contain artificial preservatives.
