

## Kardelen Candied Chestnuts

Kardelen started production in 1991 and is one of the leading producers of candied chestnuts in Turkey.

They have attained the first ISO 22000:2005 certification in this sector.

With spreading distribution and service channels, increasing productive investments and growing social responsibility facilitates of Kardelen all her experience and leadership into one single conclusion; a sweet taste of exception and a sense of exceptional quality...

Kardelen Candied Chestnuts utilizes the recent information and industrial technologies in her operations.

The entire course of production and after sales, hence from the provision of raw materials until the market distribution is controlled by means of computerized systems and the usage of corresponding lot numbers.

In addition to Boutique products with "Kardelen" or Private Labels our company also provides the catering, fine-bakery, confectionary and babyfood industries as well as intermediate products especially for the dairy product and ice-cream industries.
